

## Freedom to learn anytime, anywhere.

The Learn Languages mobile application helps you discover more of your new language when it's convenient for you. Our innovative mobile application encourages you to sign in more frequently and consistently using technology you are already using, helping achieve language-learning goals.

### Learn Languages®

Our Learn Languages application allows you to continue your lessons anywhere your iPad, iPhone and Android\* device is connected to the Internet.

This is a fully integrated experience that syncs learning on a device with computer-based online learning, so you can continue lessons wherever you left off and your progress and time spent will be recorded.

*Please note that Writing and Milestone activities are not available on this application. LMS/Single Sign-On log-in is possible. All languages with the exception of Latin can be accessed. See below for the device specifications to run this application.*
